RAISING THE BAR

According to the American Bar Association's publication, "Profile of the Legal Profession" dated July 2022, Latinx lawyers still make up only 5.8% of the legal community while they make up 18.5% of the National population.

According to the Diversity Report Card from the California State Bar dated September 2022, Latinos are particularly underrepresented, comprising 36% of the state's population but only 6% of all California's licensed attorneys.

"This is why the MABF is so grateful for supporters, like YOU, who recognize that no matter what challenges we face, investing in the future of Latinx law students and the shared goal of diversifying the legal profession remains a critical priority. In fact, our supporters recognize that Latino and Latina law students need our help now more than ever. It has never been harder or more expensive to pursue a legal education than it is today. And our country needs a more diverse legal community now more than ever." MABF President, Nina Huerta

ABOUT US

Our Mission – Enhancing Diversity in the Legal Profession through Education

The mission of the Mexican American Bar Foundation, a Section 501(c)(3) charitable corporation organized and operated by volunteer lawyers and judges, is to enhance the diversity of the legal profession through education. We do this by supporting the dreams of young women and men of Latino heritage who are pursuing careers in law.

We are dedicated to assisting students attending ABA-accredited law schools in Los Angeles County, including Loyola, Pepperdine, Southwestern, UCLA, and USC, as well as UC Irvine in Orange County. Most of our scholars are the sons and daughters of low-income immigrants. Our scholars are selected based on their academic achievement, community service, leadership, financial need, and success in overcoming hardships. Typically, they are the first members of their families to attend college, and of course, law school.

OUR HISTORY

31 Years of Service

With annual tuition starting in the \$54,000 range for public and private institutions alike, law school is expensive. Since our founding in 1991, the Foundation has awarded over \$3.8 million to law students in the form of over 500 scholarships and bar stipends. In 2022 alone, our 31st year, MABF awarded 25 scholarships totaling \$250,000.
